Remuneration Committee

Date: 19 March 2015

This paper will be considered in public

1 Summary

1.1 The purpose of this paper is to seek the Committee's agreement to the proposed TfL scorecard for 2015/16.

2 Recommendation

2.1 That the Committee approves the proposed TfL Scorecard for 2015/16 that is in Appendix 1.

3 Proposed Scorecard 2015/16

- 3.1 The TfL Group scorecard is used to measure the performance of TfL, the Commissioner and Chief Officers, alongside the business area and individual scorecard measures. The TfL scorecard will form the basis for TfL's Senior Management's remuneration for the financial year 2015/16.
- 3.2 The 2015/16 scorecard comprises of four sections to align to the TfL Pillars; Customer (weighted 22.5 per cent), Delivery (weighted 56.25 per cent), People (weighted 3.75 per cent) and Value (weighted 17.5 per cent).
- 3.3 The TfL scorecard seeks to address both the priorities of the Mayor and TfL's customers. Given the breadth of services offered by TfL and the ambition of TfL's priorities, there are a large number of measures included in this year's scorecard. This will ensure TfL's key services are scrutinised and rewarded accordingly.
- 3.4 The scorecard has been reviewed and challenged by the Commissioner to ensure the measures used are sufficiently stretching.
- 3.5 The TfL scorecard can be found in Appendix 1. Additional information can be found in Appendix 2 which shows the key changes from the 2014/15 scorecard, and Appendix 3 summarises the five year trend.

4 Scorecard Development

4.1 Last year, there was an aspiration to develop an accessibility measure for the 2015/16 TfL scorecard. This year we have developed a new measure on the TfL Scorecards. The "Single Equality Scheme" measure considers equality, inclusion and accessibility across the whole organisation and will measure milestones achieved in relation to this.

4.2 Furthermore our intentions for improved accessibility are set out in the 2014 Business Plan (page 24, table 1). This considers step-free access in Rail and Underground and also accessible bus stops.

5 Performance Awards

5.1 The performance award of the Commissioner, up to a maximum of 50 per cent of base salary, will be based 100 per cent on the TfL scorecard. Performance awards of the Chief Officers, up to a maximum of 30 per cent of base salary, are based 15 per cent on personal objectives, 10 per cent on the relevant MD Scorecard, and 5 per cent on the TfL scorecard.

List of appendices to this report:

Appendix 1 – Proposed TfL scorecard

Appendix 2 – Changes from 2014/15 Scorecard

Appendix 3 – Five Year Trend
