Table of Contents

1. Introduction	3
2. Table 1: Current Operational Volumes.....	4
3. Table 2: Projected Operational Volumes	7

1. Introduction

- 1.1 This appendix contains information on the current (Table 1) and projected (Table 2) volumes of specific transactions for Business Operations.
- 1.2 In the next few years TfL will be actively moving customers from using post, retail and phones to online (web) self service transactions. The projected volumes in Table 2 are TfL's best estimate of these and other changes.
- 1.3 The information in both Table 1 and Table 2 contain information on scanning and processing. Please note this information applies to both Business Operations and Enforcement Operations as it is not possible to distinguish the volumes for each operation.
- 1.4 The information in Table 1 and Table 2 contain combined Business Operations and Enforcement Operations information for the size of the document stores. It was not possible to provide the information solely for Business Operations so the following information is provided on the average size and volumes of PCNs, Representations, and Appeals for Enforcement Operations in order to project the size of the storage requirements for Business Operations without Enforcement Operations included:

Item	Average size	Average per Month
PCN	240 (KB)	5,398
Representation	50 (KB)	525
Appeal Pack	1 (MB)	59

- 1.5 For the purpose of sizing storage the following assumptions should be made:
- Data shall be retained in accordance to Appendix 11: Data Retention;
 - Capacity shall be sufficient to capture and store data for the Term of the Contract in accordance to Section 2: Statement of Requirements (General).

2. Table 1: Current Operational Volumes

Table Notes

All figures are rounded.

Lot 1	131	Secondary ANPR	Number	-	-	-	-	-	-	-
Lot 1	132	Auto Pay Registration Web	Number	-	-	-	-	-	-	-

Notes

* Average based on Saturday only. Volume for Sunday is zero, and so has been excluded from the average.

1. Volumes will reduce if secondary ANPR is implemented
2. Numbers may halve if we move to 2 year renewals
3. Channels to be closed before Re-Let
4. Bidders have been asked to respond to an RFI on moving Auto Pay reoccurring credit card payment to direct debit.
5. Intended that customers should move to self-service channels

3. Table 2: Projected Operational Volumes

Table Notes

All figures are rounded.
