

KEY PLAN	
1. Segregate construction activities from pedestrians & adjacent live rails.	1. Falling from height. Existing services within vicinity of works.
2. Existing services within vicinity of works.	2. Risk of asbestos.
3. Isolate / protect all buried substances prior to works.	3. Risk of lead content & possibility of other toxic substances in existing paint finishes.
4. Safety measures for excavations, working at height, traffic areas & proximity to live rail.	4. Existing live services within vicinity of works.
5. Existing embankment, precautions required during excavation.	5. Safety measures for working in close proximity to live rail.
CONSTRUCTION RISKS	MAINTENANCE / CLEANING RISKS
DEMOLITION / ADAPTATION RISKS	
In addition to the hazards risks normally associated with the type of works detailed on this drawing take note of the above. It is assumed that all works on this drawing will be carried out by a competent contractor working where appropriate, to an appropriate method statement.	
SAFETY HEALTH AND ENVIRONMENTAL INFORMATION BOX	

NOTES:

- This drawing is for town planning purposes only.
- Drawing to be printed in colour.
- Refer to Premises drawings:
