

Table of Figures for the ES and relevant updates or replacements in the SES

ES Figures	Superseded in SES	SES figure	ES Figures	Superseded in SES	SES figure
Introduction			Figure 6.5(1) – Key Townscape and Visual Amenity Features	No	
Figure 1.1 – Site Location Plan	Yes	1.1 Site Location Plan - replacement	Figure 6.5(2) – Key Visual Receptors	Yes	Fig. 6.5(4)
Figure 1.2 – Plan of Proposals	Yes	2.1 Scope of works	Figure 6.5(3) – Listed Buildings and Zones of Visual Influence	Yes	Fig. 6.5(4) a combination of ES Fig 6.5(2) and ES Fig 6.5(3)
Figure 1.3 – 3D Visualisation of the VSU Scheme	Yes	2.4 3D visualisation	Built Heritage		
Scheme Description			Figure 6.6(1) – Location of Listed Buildings and Settlement Contours	Yes	Fig 6.6(5) - Listed Buildings and Settlement Contours
Figure 2.1 – Environmental Constraints Plan	No		Archaeology and Cultural Heritage		
Figure 2.2 – Developments within Proximity of VSU Scheme	Yes	ES 2.2 - emendation	Figure 6.7(1) – The VSU Scheme in Relation to the Early Holocene Land Surface in the Westminster Area	No	
Figure 2.3 – Buildings to be Demolished or Underpinned	Yes	ES 2.3 - emendation	Figure 6.7(2) – Archaeological Sites and Find Spots in Proximity of the VSU Scheme	No	
Figure 2.4(1) to 2.4(6) – Construction Worksites (Phase 1)	Yes	Traffic management plans 6.2(14) to 6.2(40)	Figure 6.7(3) – Potential Impacts on Archaeological and Cultural Heritage	Yes	Figure 6.7(1) - Potential Impact on Archaeology and cultural heritage
Figure 2.5(A1-1) to Figure 2.5(A6) – Utilities Worksites	Yes	Traffic management plans 6.2(14) to 6.2(40)	Demolition and Excavated Materials, and Waste		
Traffic and Transport			Figure 6.8(1) – Potential Sources of Contamination within Proximity of the VSU Scheme	No	Errata: there was a mistake in figure numbering. There was no figure for this section and this figure should have been Figure 6.9(1)
Figure 6.2(1) – Existing Bus Stops	No	Figure 6.2(3)	Contaminated Land	No	Errata: there was a mistake in figure numbering, this Section should have been represented by Figure 6.9(1), see above.
Figure 6.2 (2) – Existing Bus Lay-Over Locations	No	Figure 6.2(4)	Ecology		
Figure 6.2(3) – Existing Coach Stop Locations	No	Figure 6.2(5)	Figure 6.10(1) – Sites of Importance for Nature Conservation	No	Errata: there was a mistake in figure numbering, this figure should have been labelled 6.11(1)
Figure 6.2 (4) – Existing Tour Bus Stops and Stands	No		Figure 6.10(2) – Location of Trees to be Removed and Buildings to be Demolished	No	Errata: there was a mistake in figure numbering, this figure should have been labelled 6.11(2)
Figure 6.2(5) – Existing Taxi Provisions	Yes	Figure 6.2(6)	Community		
Figure 6.2(6) – Main Pedestrian Routes, Existing Pedestrian Crossings and Subway Locations	Yes	Figure 6.2(2)	Figure 6.12 (1) – Station Access and Main Pedestrian Facilities	No	
Figure 6.2(7) – Existing Parking and Loading Provisions	Yes	Figure 6.2(11)	Figure 6.12(2) – Principal Community Facilities	No	
Noise and Vibration					
Figure 6.3(1) – Noise Monitoring Locations and Associated Receptors	No				
Air Quality					
Figure 6.4(1) – Receptors within 200m of Worksite Potentially Affected by Construction Dust	No				
Townscape and Visual Amenity					

ES Figures	Superseded in SES	SES figure
Figure 6.12(3) – Other Community Facilities	No	
Figure 6.12(4) – Residential Areas	No	
Water		
Figure 6.9(1) – Location of Abstraction Boreholes and Indicative Floodplain	No	Errata: there was a mistake in figure numbering, this should have been labelled 6.10(1)
Combined and Cumulative Effects		
Figure 7.1 – Combined Residual Effects during Construction	Yes	Figure 8.1 Significant residual effects identified as giving rise to significant combined residual effects during construction
Figure 7.2 – Combined Residual Effects during Operation	No replacement figure	Emendement: No significant residual effects on VPT for built heritage.
Main Text		
Plate 2.1 Tunnels and Shafts Reference Plan	Yes	Figure 2.3 VSU project naming convention
