

TfL printable TfL maps

Underground maps

www.tfl.gov.uk/tfl/tubemaps

The Underground map is available to view in several versions, including ones highlighting disabled access and links to trains and trams. It is available to download and print.

Bus maps

www.tfl.gov.uk/busmaps

The most appropriate maps to use for Key Stage 2 are the Spider map which are simplified bus routes in the form of a line diagram. You can access your borough and key locations by using the alphabetical list online.

Tram maps

www.tfl.gov.uk/tramsmaps

The Tramlink map can be downloaded as a whole unit or as three separate routes. The map is simple and easy to use and is excellent as a starting resource for any map work skills. The route maps break down the system into lines and provide detailed maps on key stops along the service.

DLR maps

www.tfl.gov.uk/dlrmaps

The DLR map can be printed showing zones in which Docklands Light Railway operates.

It is a simple map that you can use as a good starting point in any map skills lesson. It would be a good introduction to use before exploring the Tube system because they are less complex.

River maps

www.tfl.gov.uk/rivermaps

You can download the River Thames Boat Services Guide online and this provides information on the Thames Services, timetables, local area maps and places of interest.

Cycle maps

www.tfl.gov.uk/cyclesguides

You can order any of the 19 localised cycle routes online.
