

Links to useful web sites

Activity idea: **Hedgehogs interactive site**

Resource needed: www.hedgehogs.gov.uk

This will be enjoyed by a pupil or teacher of any age! It is a fun but informative web site aimed at teaching children about road safety. It contains some excellent interactive games and has lots to explore.

Activity idea: **Cycle safety information**

Resource needed:

www.cyclesense.net/fset.htm

This site gives essential tips for staying out of harm's way whilst cycling. It contains readable text for upper Key Stage 2 pupils and a good source of information for teachers.

Activity idea: **Get your views online**

Resource needed:

www.london.gov.uk/younglondon/kids/feedback/index.jsp

Why not introduce your children to the Young London web site. It's a forum where young people can read about events happening in London and a place where they can register their views about London as a whole. It makes for an interesting read and provides a place for young Londoners to have their views heard.

Activity idea: **Walk to school**

Resource needed:

www.walktoschool.org.uk

This web site provides a series of useful lesson ideas that encourage children to walk to school. It provides the latest news, downloadable resources and campaigning tools for the Walk to School Week. It is well worth a visit.

Activity idea: **Road safety advice**

Resource needed: www.thinkroadsafety.gov.uk

www.thinkroadsafety.gov.uk/arrivealive

In these web sites you will find news of new campaigns and road safety advice. You can download leaflets, fact sheets and posters. This site also provides you with lesson plans and worksheets for Key Stage 2.
